1. Introduction

Hi there! Welcome to the Zumath User Manual. Here you will find out how this math-based game works. We will tell you all about how to start the game, how to play to game and most importantly, how to win the game. By playing Zumath, you will strengthen your addition skills, counting up to 100! Good luck, and have fun!

2. Main Objective:

Clear the gutter before the balls reach the end!

49?

47!

Answer the surprise questions correctly to earn stars!

Earn all three stars to finish the game!

3. How to start the game.

When you start the game, the first thing you will see is this screen

Press 'Play' to start the game.

Press 'Score' to see your score.

Press 'Exit' to leave the game.

4. How to play the game.

1. Find the numbered balls in the stream that will help you get to the goal and shoot your ball at them to make them disappear.

Goal: 12

2. Every time you make a good combination you get a new goal.

5. What to do when a surprise question pops up!?

When a surprise question pops up, you get to answer some tough addition questions!

Answer correctly to earn a ★!

Answer wrongly and you'll receive no points. You won't be able to reach three stars this playthrough.

6. Things to avoid:

Goal: 14

Oops!
 $3 + 4 + 5 + 1 = 13$, and
 $9 + 3 + 5 = 17$.

You didn't reach the goal. The ball will become a part of the stream like this:

But don't worry just yet,
you'll get endless tries.
Unless...

Unless... the balls reach
the end of the gutter.

When this happens, you will lose one health,
but the balls will sweep back so you can keep
on puzzling!

If you lose all your health, you
will be game over. Try again
and get those stars!

7. What happens if you're game over?

Good effort!

Too bad!

Try Again!?

When you have no more lives, you'll see this screen. Click 'Back to main menu' to try again, look at your score, or exit the game.
